FSC-STD-01-001 V5-0 Draft 4-0 Principles and Criteria**Report on the Online Survey****01 June 2011**

Firstly, thank you all to those who completed the online survey about Draft 4-0 of the revised Principles and Criteria in preparation for the P&C Review Workshop on 25 and 26 June, just ahead of the GA. The process has already been extensive so it is a tribute to the membership that there have been so many returns.

This document provides an overview of the findings of the online survey on Draft 4-0 of the revised P&C.

FINDINGS**The Respondents**

There were 129 respondents (though not everyone answered every question), broken down as follows:

	Total	Individuals	Organisations
Economic North	35	13	22
Economic South	20	3	17
Environmental North	27	7	20
Environmental South	26	21	5
Social North	6	3	3
Social South	15	8	7
Total	129	55	74

The Questions

Members were asked to comment on all sections of Draft 4-0 of the P&C that will be the subject of a members' vote later this year, including:

- the nine sections of the Preamble
- all the Principles and all their Criteria
- all the terms provided in the Glossary.

Members were asked to choose the alternative (A, B, or C) which would best reflect their position concerning the proposed wording:

- A) I fully agree with the proposed wording
- B) I would not object to the proposed wording
- C) I disagree and object to the proposed wording

The Analysis

Each section was analysed to determine the level of support, non-objection and objection within each sub-chamber.

The data were further analysed to determine the level of objection of

- 0 - less than 20%
- 20 – less than 33%
- 33 – less than 50%
- more than 50%

by Chamber and Sub-Chamber.

Members are invited to review the comments submitted as part of the survey to complement their understanding of the data. The comments can be downloaded here:
